Green Fiscal Policy

Course Goals and Outline

This e-course has been developed under the umbrella of the Partnership for Action on Green Economy (PAGE). PAGE brings together five UN agencies – UN Environment, International Labour Organization, UN Development Programme, UN Industrial Development Organization, and UN Institute for Training and Research – whose mandates, expertise and networks combined can offer integrated and holistic support to countries on inclusive green economy. At the end of the e-course, participants should be able to:

- Explain the rationale for greater use of green fiscal policy
- List different fiscal instruments to promote desirable economic, social and environmental outcomes
- Describe the key stages of the policy cycle
- Highlight the main opportunities and challenges presented by the energy, transport and waste management sectors
- Outline how international sectoral case studies of green trade in action

The modules of the e-course are:

1. The need for green fiscal policy
2. Fiscal instruments for greening the economy
3. Effective strategies for fiscal reform
4. Applying green fiscal policy in key sectors
5. Collaborating for sectoral opportunities

The estimated learning time is 2 hours for completion.

Completion Requirements

The certificate of completion is awarded to participants who successfully complete the e-course by achieving a minimum grade of 70% on the knowledge assessment.
